Security+

94%	Security Program Management and Oversight
67%	Explain the processes associated with third-party risk assessment and management.
100%	Given a scenario, implement security awareness practices.
100%	Summarize elements of effective security governance.
100%	Explain types and purposes of audits and assessments.
100%	Explain elements of the risk management process.
100%	Summarize elements of effective security compliance.
88%	General Security Concepts
100%	Compare and contrast various types of security controls.
100%	Summarize fundamental security concepts.

82%	Explain the importance of using appropriate cryptographic solutions.
100%	Explain the importance of change management processes and the impact to security.
100%	Security Operations
100%	Explain security alerting and monitoring concepts and tools.
100%	Explain appropriate incident response activities.
100%	Given a scenario, implement and maintain identity and access management.
100%	Explain the importance of automation and orchestration related to secure operations.
100%	Explain various activities associated with vulnerability management.
100%	Explain the security implications of proper hardware, software, and data asset management.
100%	Given a scenario, use data sources to support an investigation.
100%	Given a scenario, apply common security techniques to computing resources.
82%	Security Architecture
86%	Compare and contrast security implications of different architecture models.

0%	Explain the importance of resilience and recovery in security architecture.
100%	Given a scenario, apply security principles to secure enterprise infrastructure.
100%	Compare and contrast concepts and strategies to protect data.

75%	Threats, Vulnerabilities, and Mitigations
100%	Given a scenario, analyze indicators of malicious activity.
0%	Explain the purpose of mitigation techniques used to secure the enterprise.
100%	Explain various types of vulnerabilities.
33%	Compare and contrast common threat actors and motivations.
83%	Explain common threat vectors and attack surfaces.
